Dear Sir or Madam

Object : Internship in a cow farm in Irland

My name is Florian, I'm a 18-years old French student. I had a lot of experience in farming, because my parents are both farmers and I always helped them at the farm. I do all tasks with them.

I can feed animals beacause and take care of them, in my parents' farm, they have cows, cheeps, pigs mainly. I also made mecanics on tractors !

I thank you in advance for consideriting my request.

Should you have any question ? I'm will be happy to answer you and come into your farm.

Yours fairthfully

Florian Mosnier
